TECHNOLOGY CREATIVE SOFTWARE DIGITAL

We Understand Your Needs

We take note of your requirements and with a methodical approach we strive to reach the goals that you require. We are firm believers that approach is everything. IT is already a complex subject, so why make it even more complicated to our customers? We acknowledge the fact that our customers are experts in their field. Our expertise is to help our customers perform better with the use of correct IT practices in their field or profession.

We Provide you with Peace of Mind

Why waste time in trying to set up your IT systems by yourself? You should be investing time in what you do best! Your business. We on the other hand are experts in providing your business with the best setup possible. So why get lost in specifications and requirements? Why spend hours on tutorials to try and setup your own setup? It is costing you much more than you think! Call us and set your mind at rest that your setup is in the hands of people that have years of experience in the field of IT and that can and will get the best out of your systems, in order to help you grow your business and do what you do best.

Our products

BackupAssist was created for small and medium sized organisations who want to have an easy to use, affordable yet reliable backup software solution.

BackupAssist is now used by thousands of users in over 120 countries worldwide.

Our clients include a wide range of users, from individual home users and small businesses, to large publicly listed companies.

Users of our software include:

- Small businesses of under 100 employees - professional services, architecture, legal, accounting, travel, print media, finance, banking, software, manufacturing and wholesale firms.
- Large public companies listed on the New York, London and Australian stock exchanges.
- Primary, Secondary and Tertiary Educational Institutions across the USA, UK, Germany and Australia.
- Government departments and embassies.
- Military and research organizations such as NATO and NASA.
- Non-profit organizations such as museums, hospitals and churches.
- Numerous international charities such as World Vision and Handicap International.

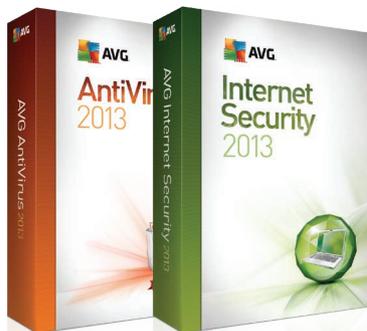

Gold Reseller

Who are AVG?

AVG was founded in 1991 with the express purpose of protecting people around the world using the latest in cutting edge security technologies. AVG gained success quickly and is now recognized as one of the biggest players in the security software market. AVG currently holds corporate offices in Europe such as in The Netherlands, Czech Republic, Cyprus, UK, Germany, France; in the US such as in the Pensacola area in Florida, San Francisco Bay Area in California, Atlanta area in Georgia, Boston area in Massachusetts, Charlotte area in North Carolina; in the Middle East, in Israel; in Asia such as Beijing and Hong Kong in China.

AVG is uniquely positioned to spearhead innovation in the industry thanks to its employing some of the world's leading experts in software development, threat detection, threat prevention and risk analysis. Not content to rest on its internationally recognized success, AVG continues to invest in R&D, teaming with leading universities to maintain its technological edge.

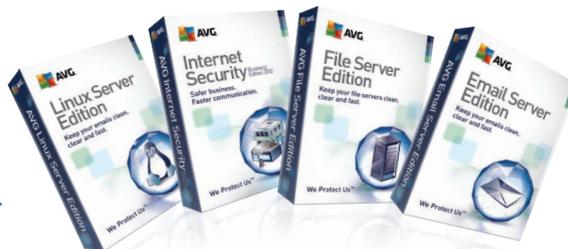

AVG has experienced significant growth in the last few years and continues to expand to address the needs of the global market through improved technology and broader language and platform support.

One step ahead

Computer and internet use is an integral and growing part of our everyday lives. Every aspect of our

lives is accessible electronically, which brings considerable benefit, as well as considerable risk. Our role is to shield you from potential dangers by providing powerful, easy-to-use protection that works in the background and allows you to go online with confidence.

As the nature of threats continues to evolve, so too must the nature of protection. That's why AVG uses the latest technology developed by world-renowned security experts to provide real-time defenses against real-time threats. With AVG you can surf, shop, bank, download files, chat, network and email safely and confidently, knowing that your personal information will not be stolen or misused.

WEB  TITAN

What is Web Titan?

WebTitan is a division of Copperfasten Technologies, the global provider of sophisticated enterprise- level security solutions, offers small and medium size businesses the most comprehensive protection from internet based

INNOVATION UNDER ONE ROOF

IT Consultancy and support services

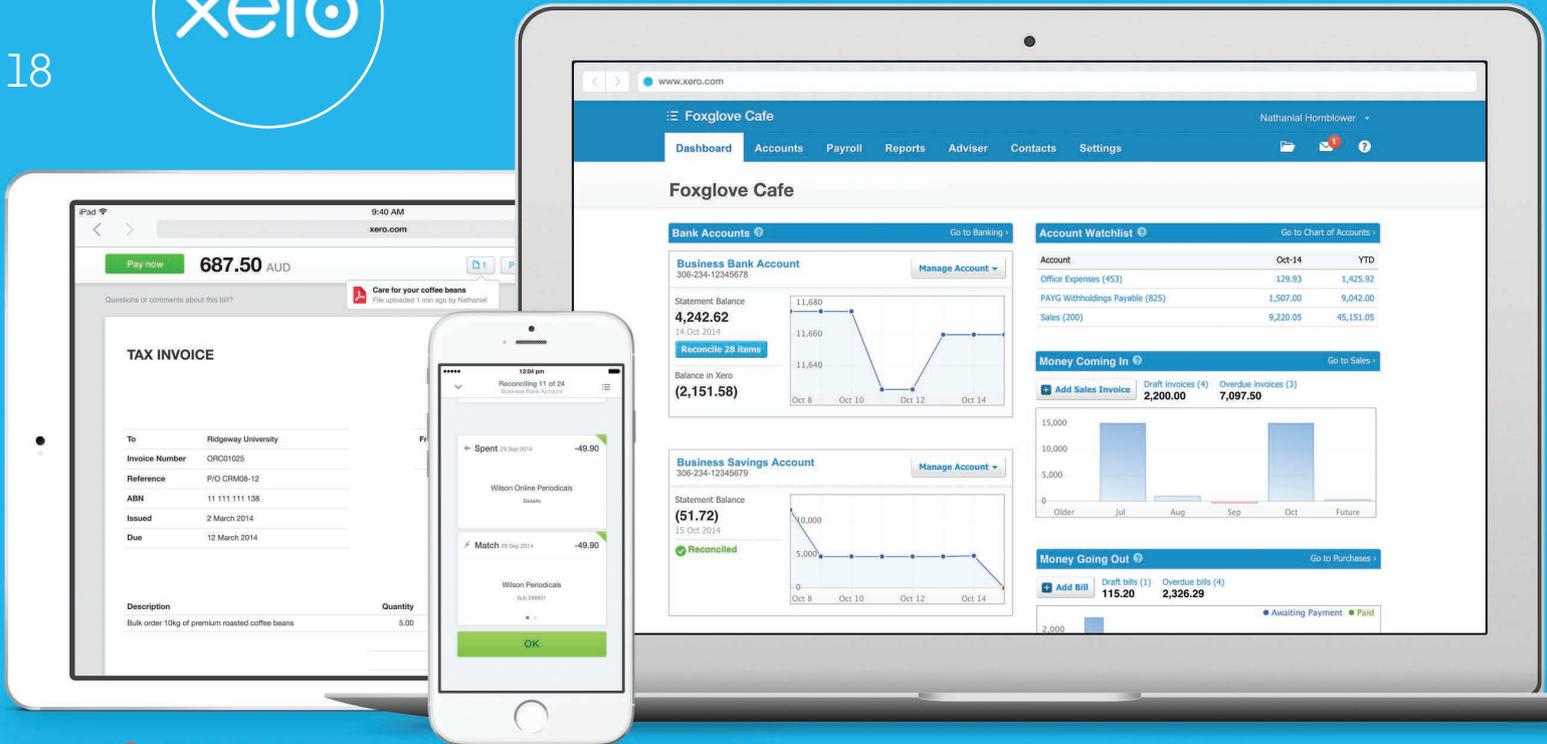

Xero is online accounting software for your small business

Get a real-time view of your cashflow

Log in online anytime, anywhere on your Mac, PC, tablet or phone and see up-to-date financials. It's small business accounting software that's simple, smart and occasionally magical.

18

TECHNOLOGY CREATIVE SOFTWARE DIGITAL

INNOVATION UNDER ONE ROOF
Our products

Run your business on the go
Use our mobile app to reconcile, send invoices, or create expense claims-from anywhere.

Get paid faster with online invoicing
Send online invoices to your customers and get updated when they're opened.

Reconcile in seconds
Xero imports and categorises your latest bank transactions. Just click OK to reconcile.

Popular features that will change your life
Accounting software with all the time-saving tools you need to grow your business: unlimited users and 24/7 support ... not to mention the security and reliability you'd expect from Xero.

19

Easy invoicing

Create professional recurring invoices and receive updates when they're opened.

Go mobile

The Xero mobile app works with iPhone and iPad & Android phones and tablets.

Inventory

Inventory items speed up invoicing while tracking sales and purchases.

Multi-currency

Reconcile foreign currency accounts, with exchange rates updated hourly.

500+ third-party apps

Inventory, invoicing, time tracking, expenses and more all integrate with Xero.

Attach files to data

Attach source documents to almost anything in Xero - invoices, bills and more.

Create purchase orders

Create and email custom purchase orders and copy to bills for payment.

Claim those expenses

It's easy to handle personal expenses - just review and approve receipts.

Pay bills

Manage your cashflow by scheduling payments and batch paying suppliers.

Beautiful accounting software

Testimonials

We have been very pleased with the preventive measure plans 4sight Group have drawn up for us since taking over the I.T. of our company and even more pleased with the professional attitude of their staff and rapid response times requiring their presence on sight.

Karl Farrugia Wismayer
Managing Director
Easy School of Languages

The Golden Tulip Vivaldi Hotel wanting to establish itself as one of the leading 4 star superior hotel in Malta is always in search to improve and provide the latest IT technology to its clients and associates. I can definitely confirm that if it wasn't with the ongoing professional support of the team behind 4Sight Group, this goal would not be achievable. Their support 24 hrs round the clock not only is excellent but their commitment to our goals is commendable. I highly recommend them to any colleagues or companies and wish them good luck for their future projects.

Philippe Lonfat
General Manager
Golden Tulip Vivaldi Hotel

I would like to express my gratitude for the continuous top quality service to my company. One main reason I would recommend 4Sight Group that they are reachable at all times of the day and are always prompt in their response. Relative works have always been concluded in a short turnaround of time.

Thanks once again and keep up with your great work.

Enrich Stafrace
Managing Director
Pixel Services

We've been working with 4Sight Group for the last year now and we are very pleased with the service they give. They are proactive and quick to respond whenever required. Considering the importance of IT in nowadays working environment, their service is a breath of fresh air compared with the norm in the market. Keep it up!

Kevin Gerada
Admin Manager
ServeGroup Ltd

"I had the absolute pleasure of working with 4Sight Group when they completed some last minute work for us. They provided high quality workmanship, were readily available 24/7 and supportive throughout the whole process.

They went out of their way to ensure our requirements were fulfilled in a short turnaround time, even working on weekends and public holidays. I am looking forward to working with 4Sight Group again in the future and would highly recommend their services!"
